FICTION WITH FRICTION is the upcoming release from Elizabeth Kaye Daugherty to be published on Smashwords.com. It features five stories with unexpected conflict and diverse characters, where villains and protagonists alike wrestle with their demons, as in “The Room” and “Switching Perspectives.” The lives of Mark and Bill are mysteriously disrupted in “Abduction,” while Heather and Adelaide Lovedarling are shocked by unexpected visitors in their bakery in “Fluffy.” “The Cauldron” tells of Little Witch and Gleek come of age in a beautiful fantasy.

Elizabeth Kaye Daugherty, or EKD in her social media handles, has been writing all her life and compiled this collection while studying in Full Sail University’s Creative Writing for Entertainment program. With this degree she is chasing her dream of writing professionally, and this collection is her first breakthrough in achieving that goal. Her focus is creating enveloping worlds with diverse characters and meaningful core messages.

Fiction With Friction will be published through Smashwords.com, the world’s largest publisher of indie e-books. They allow authors to publish and distribute e-books to the industry’s major retailers, as well as provide e-books in a wide variety of digital formats.
